ABOUT US

Charter Company for General Trading & Contracting (Charter) is a privately owned company, established in 2007 under Kuwait's company law, with a capital of 250,000 KD. Since its inception, Charter has built a strong reputation as a dynamic contractor, specializing in construction and maintenance services across multiple disciplines. The company also provides supply chain support to various organizations operating in key sectors such as water, power, oil & gas, and petrochemicals.

Originally focused on trading, contracting, and manpower supply services for industries including water, power, oil & gas, petrochemicals, and refineries, Charter has since broadened its capabilities to include Mechanical, Electrical, and Instrumentation Engineering. Today, the company plays a vital role in delivering comprehensive engineering solutions to a diverse range of clients across the region.

VISION

To be a trusted leader in engineering, construction, and trading, delivering excellence and innovation across Kuwait and beyond.

MISSION

- Deliver top-quality construction, maintenance, and engineering solutions.
- Provide reliable industrial supplies and manpower services.
- Uphold safety, integrity, and sustainability in all operations.
- Build long-term client partnerships through excellence and efficiency.

STRATEGY

- Expand and diversify services in key industries.
- Leverage technology for innovation and efficiency.
- Prioritize customer satisfaction with tailored solutions.
- Ensure compliance and sustainability in all projects.
- Invest in talent development for long-term success.

BUSINESS ACTIVITIES

TRADING ACTIVITIES

TOTAL SOLUTIONS FOR SUPPLY CHAIN MANAGEMENT AS FOLLOW

Tender Participation: Collaborating with our Principals to submit bids for public tenders announced by government authorities and clients.

Quotations & Pricing: Providing quotations and budgetary pricing based on frequent client requests.

Pre-Qualification Support: Assisting Principals in meeting pre-qualification requirements.

Technical Presentations: Showcasing Principals' products to clients' engineering and project teams.

Supply & Logistics: Ensuring seamless project supply and logistics support.

Market Research & Product Development: Analyzing market trends, identifying business opportunities, and conducting feasibility studies for new product development.

INDUSTRY WE COVER AS FOLLOW

- Supply of spare parts for water, upstream and downstream oil & gas, including rotating equipment (pumps, compressors, turbines), Fin Fan cooler heat exchangers, and drilling equipment.
- Supply of static equipment, including steam furnaces, reactors, valves, actuators, gaskets, and piping materials, as well as structural steel, fasteners, bearings, lubricants, and other essential industrial consumables.
- Supply of electrical, instrumentation, and automation components, including control panels, PLCs, sensors, and cables.
- Sourcing and delivery of catalysts, chemicals, and coatings for industrial applications.

CONTRACTING ACTIVITIES

1. Electrical Contracting (High Voltage and Low Voltage): Installation, Testing & Commissioning

High Voltage (HV) Services:

Substation Installation: Expertise in installing GIS switchgear, transformers, and control panels for substations up to 400 kV.

EHV Cable Laying: Proficient in laying and terminating extra-high voltage cables up to 400 kV, ensuring optimal performance and safety.

Low Voltage (LV) Services:

Electrical Systems: Installation of LV systems, including switchgear panels and control systems, tailored to client specifications.

Maintenance and Upgrades: Regular maintenance and system upgrades to enhance efficiency and comply with the latest standards.

2. Mechanical Contracting:

HVAC Systems:

Installation: Comprehensive solutions for heating, ventilation, and air conditioning systems in various settings.

Maintenance Services: Routine checks and servicing to ensure HVAC systems operate efficiently and reliably.

Plumbing and Firefighting:

Plumbing: Installation and maintenance of water supply and drainage systems, ensuring compliance with health standards.

Firefighting Systems: Design and implementation of fire protection systems, including hydrants and sprinkler systems, to safeguard properties.

3. Civil Contracting:

Construction Services:

Building Projects: Execution of commercial, residential, and industrial construction projects, delivering quality workmanship.

Structural Works:

Foundations and Frameworks: Construction of robust foundations and structural frameworks for various building types.

Renovations and Upgrades: Expertise in refurbishing existing structures to meet modern standards and client needs.

CONTRACTING ACTIVITIES

4. Electromechanical (MEP) Services:

Integrated Solutions:

Design and Implementation: Offering comprehensive MEP services, including electrical, mechanical, and plumbing systems, to ensure seamless project execution.

System Integration: Ensuring all electromechanical components work harmoniously for optimal building performance.

5. Telecommunications Infrastructure Development:

Fiber Optic Network Design and Installation:

Design Services: Creating detailed plans for fiber optic networks, including route development and construction drawings.

Installation: Implementing both aerial and underground fiber optic cables to ensure high-speed data transmission.

Structured Cabling Systems:

Cabling Solutions: Installing Category 5, 6, and 7 voice/data cabling, fiber optic cabling, and coaxial cabling to support various communication needs.

System Integration: Ensuring seamless integration of voice, data, and video services through well-organized cabling infrastructures.

IT SERVICE & SOLUTIONS

IT Solutions:

Web Development:

Custom Website Design: Crafting user-friendly and visually appealing websites tailored to client needs.

Responsive Design: Ensuring optimal viewing experiences across devices.

E-commerce Solutions: Developing secure and scalable online stores.

Digital Marketing:

Search Engine Optimization (SEO): Enhancing website visibility on search engines.

Social Media Management: Strategizing and managing social media campaigns.

Content Marketing: Creating engaging content to attract and retain customers.

Mobile Application Development:

iOS and Android Apps: Designing intuitive mobile applications for various platforms.

Cross-Platform Compatibility: Ensuring seamless functionality across devices.

IT Consulting:

Business Analysis: Assessing and optimizing IT infrastructure.

Technology Integration: Implementing solutions that align with business goals.

HUMAN RESOURCES SOLUTIONS

HR Solutions:

Specializing in the Recruitment of Skilled and Unskilled Workers from Various Countries

Recruitment Services:

Skilled Workers: Sourcing professionals with specialized training and experience.

Unskilled Workers: Providing labor for roles requiring minimal training.

International Recruitment:

Global Talent Acquisition: Identifying and attracting candidates from diverse regions.

Compliance and Documentation: Managing visas, work permits, and regulatory requirements.

Training and Development:

Onboarding Programs: Facilitating smooth integration into the workplace.

Skill Enhancement: Offering training to improve employee competencies.

Workforce Management:

Performance Monitoring: Evaluating employee performance and productivity.

Conflict Resolution: Addressing workplace issues to maintain harmony
